SUMMARY

Growth marketer who does the work directly — I write the page, run the ads, read the numbers, and change what isn't working. I own the **full funnel**: paid and organic acquisition, landing pages, and activation. I build my own **AI agents (n8n + Google Gemini)** — not just chat — to automate the parts of my week I don't want to do by hand: research, content, outreach and reporting. I've run **paid ads on a physical product against a cost-per-result target**, and grown a brand-new account from zero. Excellent written English — **C2 Proficient (EF SET 86/100)**, ready to publish as written. Based in Saigon.

WHAT I'VE BUILT & GROWN

- **AI Marketing Agent** (n8n + Google Gemini) — reads a business, its competitors and niche, then outputs a full funnel, campaign plan and first growth steps. Built it, run it, ship from it.
- **Automated lead-generation agents** that find leads, write personalised outreach and send it on a schedule — I automated my own outreach because doing it by hand annoyed me.
- Grew a brand-new B2B account **from zero to +684.9% LinkedIn impressions** in 30 days (organic, no ad spend).

Paid Acquisition & Content — Great Silk Road Network (Toyota BYY, DHL) Ashgabat, Turkmenistan · Mar 2026 – Present

- Ran **paid Meta acquisition on a physical product** (Toyota) — a Reels campaign on **\$24.95 over 6 days reached 45,209 people and drove 307 profile visits at ~\$0.08 each**; watched the cost-per-result, not vanity metrics.
